# EQUIPMENT BULLETIN 2013

**A-Tec** Design **Office** Solutions (*now part of the Entwistle Group*) have become one of UK's leading suppliers of L.F. Equipment and Consumables. The company has a wealth of experience gained over many years, supplying customers within the Design Office enviroment.

Our knowledge and expertise is the reason why customers trust us to help select the most suitable printing and scanning solutions for your application.

Customers include, Architects, Engineers, Aerospace, Rail, Design studios, Local Authorities, Schools,Colleges to name a few.

All our equipment is professionally installed and serviced by our own team of IT specialists and engineers.

Our latest bulletin includes two NEW Designjet printer models from HP, which are the **T2500eMFP** and the **Z5400** Graphic Printer. The new T2500 model includes two front loading media rolls with a rear stacker. The T2500 is now a serious competitor against the Canon ColorWave 300 unit.

The **HP Z5400 Graphic Printer** is fitted with 2 media rolls with auto-switching, which is aimed at the copy shop and retail environment.

**3D Printing** is now with us and over the next few years it is going to have a big impact on both Industry and Education alike.

We have now included in our bulleting the **Mojo 3D Printer** from Stratasys (other models available)

hp | Colortrac | Canon | KIP

## Our Middleton Tech Centre has all the latest models available for equipment demonstrations.
