HD iFLEX

A2 Flatbed scanner A2/C-size flatbed

contex
WHEN IMAGING MATTERS

The large flatbed surface, fast scanning speeds and ultraflexible design makes the Contex HD iFLEX the perfect solution for the demanding user. Protect fragile originals by placing them gently on the scanner bed or utilize the flexibility to scan **Books**, **Textile**, **Wood**, **Original Artwork** or anything you would like to transform into digital content. The HD iFLEX is the most flexible A2/C-size flatbed in the market and can even scan up to A1/D-size documents.

Scans up to A1 originals!

A simple guide in Nextimage will help scanning documents twice the size of the scan bed. Simply place the documents and follow the guide. This truly makes the HD iFLEX into an A1 scanner.

Creativity and productivity without compromise

KEY FEATURES

- Ultra-fast one touch scanning.
- Scan the entire image in just 4 sec.
- Single camera with full 600 x 600 optical resolution and true optical lenses for market leading results.
- Get more: Scan up to A1/D-size document on an A2/C-size flatbed scanner.
- Unrestricted design. Scan with lid closed, lifted, open or removed.

SCHOOL & COLLEGE BULLETIN

your wide format specialist

Our Bulletin is aimed at School, College and Universities. We have selected equipment from the leading manufacturers, an affordable range of Large Format Printers and Scanning solutions, which could be used by many departments such as Art & Design, ICT, Drama Photographic and Reprographics.

A-Tec DOS (part of the Entwistle Group) has over 50 years trading experience within the Graphic and Design Office environment and are one of the UK's leading suppliers of Large Format printing systems and supplies. In addition we offer a commercial print and design service from our print centres located across the North West. Housed at our Middleton site is our PAD manufacturing facility, which can offer a bespoke range of pads for schools.

HP Designjet T2500 eMultifuntion Printer Series

Newly designed, web-connected eMultifunction Printer with A0 size print, scan and copy capabilities.

Up to £900 Trade-in price for your old machine

Print, scan and copy with a single device.

- Speed up your workflow - easily scan and email sketches and hand-annotated drawings directly to your partners.
- Instantly share and manage content - scan to your network folder, FTP, USB drive or directly to the cloud.
- Increase uptime: print multiple jobs on a variety of media types and sizes with two rolls and smart switching.
- Create A1 prints in 21 seconds. Original HP Inks deliver dark blacks and true neutral greys.

Enjoy an innovative user experience.

- Eliminate any output clutter - get flat, collated prints thanks to the integrated output stacking tray.
- Gain full control: monitor media rolls, view printer statues on the touchscreen and track jobs during printing.
- Load two paper rolls effortlessly, even when seated, with the front loading and automatic paper-roll alignment.
- Save space with a compact, integrated 914mm (36 inch) A0 capable printer that prints, scans and copies.

Print from virtually anywhere[1].

- Use your Apple® or Android™ smartphone or tablet to print virtually from anywhere[1].
- Access and print projects from the cloud when you're out of the office, using HP Designjet ePrint & Share[1].
- Automatically save your work to the cloud when you print and scan with HP Designjet ePrint & Share[1].
- Print and Scan[2] without drivers using a USB drive and directly email projects to your T2500 eMFP[1].
